SUBCON ISRAEL

The professional exhibition in Israel for subcontracting in the metal, plastic and rubber industry.

The exhibition is designed for companies who manufacture with subcontracting, contracting, mass or small production and for companies who supply Full-turn key services, outsourcing, additional services, equipment, tools, materials and accessories for the industry.

SUBCON ISRAEL is the professional and focused exhibition for the subcontracting industry.

The right place to be exposed, and to meet the purchasers, purchasing managers, subcontracting managers and all other decision makers of different industries who visit the exhibition.

This is the right place to get together with and to discover new suppliers, to develop and to maintain business partnerships, to expand into new markets, to find solutions for problems, to be efficient, and to be updated with the latest development and technological innovations of the industry.

Following the success of the previous 2014-15 SUBCON ISRAEL, we invite you to take part and to exhibit in the SUBCON ISRAEL 2016, that will take place between the dates November 21-22 2016, at the Lago events complex, Lake park, West Rishon LeZion.

Why would you exhibit?

- * Wide exposure to purchasers and decision makers in various industries.
- * Meeting point for a new business bonding with new customers
- * Festive event of the branch, on which you will meet your current customers and many people from the industry.
- * Professional platform for launching new products and technologies.
- * The exhibition states you as a supplier/sub conditioner in the industry.
